Service Bulletin

BKSB-1065a

Issue Date: 3/04/2021

Issue: Due to a revision change to the KNG-M Touch Screen Display from the display manufacturer, the KNG-M firmware had to be modified to make the new display compatible with the KNG-M Series.

Importance: Low

Affected Models: All KNG-M Series, KAA0660 (Remote Control Head), and KAA0670 (Handheld Control Head).

Recommended Action: Information only

Notes:

1. New displays were installed in the models mentioned above in S/N's greater than XXXXXXXX20120001
2. Firmware Version 5.5.0k or newer are compatible with the new display.
3. Firmware Version 5.5.0k and newer are backwards compatible to the older display as well.
