TIER 1.0

Uncompromising, high specification performance multi-band capability for the user who needs performance, but not all the bells and whistles.

TIER 1.5

Addition of Top Display, providing quick access to radio information and status.

TIER 2.5

Top Display, plus full color front bitmap display with four user programmable keys.

TIER 3.5

Top Display, full color front display, plus full alphanumeric keypad. Available with standard 16-channel selector, or optional continuous rotating channel selector.

High Visibility Yellow available in tiers 2.5, 3.5

Advanced Features

A photograph of three firefighters in full protective gear running away from the camera down a wet street at night. The wet pavement reflects the bright orange and yellow lights of an emergency scene in the background, creating a dramatic and heroic atmosphere.

**Mission-Critical Ready.
